

GROUPING FOR INSTRUCTION

In general, students in grades K-6 will be grouped by grade level except when it is desirable to group students in some other manner. The District reserves the right to flexibly group students based on their academic needs. The teachers and building principal will make final decisions for student placement at the K-6 level at the end of each school year for the next school year. Parents will be solicited each spring to submit a form requesting student's individual needs. Needs submitted will be highly regarded when considering class lists for the coming school year to the appropriate teacher(s) before these placements are made. In grades 7-12 some classes may be organized by grade level and some classes will be specifically organized to meet the educational needs of a particular group of students.
