- Assigning the student to a check-in/check-out program
- Conducting a FBA and developing a Behavior Intervention Plan
- Mentoring
- Restorative Practices
- Referral to community resources

When corrective actions taken by the classroom teacher have failed or the rule infraction is of a severe nature, the incident shall be referred to the principal(s) for investigation and appropriate action.

The severity of consequences applied by the principal depends on two factors:

- The seriousness of the offense.
- The previous disciplinary record of the student.

It should be understood that students who are referred to the principal will be subject to appropriate disciplinary measures as outlined in the administrative discipline plan below.

PROVISIONS FOR THE USE OF THE ADMINISTRATIVE DISCIPLINE POLICY

1. A disciplinary file will be initiated for each student referred to the high school administration. A record of each violation, as well as the step assigned, will be maintained. Parents will be notified in writing of all violations of the Administrative Discipline Policy.
2. Normally, a student will be advanced on the Administrative Discipline Policy one step at a time; however, administration reserves the right to exercise discretion depending upon the circumstances of the violation.
3. Students are required to serve their discipline step. A student may not use work, athletic practice/game, etc, as a reason to miss discipline to be served.
4. Students may not participate or practice in any school-sponsored extracurricular activity until detention hours are completed.

H. DRESS AND GROOMING STANDARDS OF GOOD GROOMING

To ensure that standards of good health, safety, and proper educational decorum are maintained, the following standards of good grooming shall apply.

1. Wear clothing that is appropriate for school activities.
2. Avoid garments that are too tight or revealing.
3. Shorts, skirts, and dresses are to be an appropriate length.
4. Blouses and shirts for students are not to be too revealing.
5. Underwear and undergarments are not to be visible.
6. Shirts that expose the midriff or cleavage are not appropriate.
7. Hats and other head coverings are allowed in all common areas until the start of the school day.
8. Jewelry should be appropriate and not present a safety hazard. Chains or studded items are not allowed.
9. Clothing, medallions, pins, or jewelry with suggestive double meanings, sexual innuendos, suggestive pictures, gang symbols, racial or gender slurs, the Confederate Flag, vulgar or obscene language, or promoting drugs, tobacco, or alcohol are not permissible.
10. All standards for dress and grooming apply to all Mineral Point activities unless a request for special or unusual dress (such as homecoming, prom, or athletic events) has been approved in advance by the administration.

CONSEQUENCES FOR INAPPROPRIATE DRESS

1. Student will call home for the parent to bring appropriate clothing, or be sent home to change into appropriate clothing. If the parent is unreachable or the student refuses to change, the student will be placed in an individual study area in the office for the remainder of the day in addition to any detention time.
2. Student will serve a detention/ASD for offenses (Steps 2-3).

Administration will determine the appropriateness of dress and for student appearance. A good measure of appearance is to remember that an item of clothing that is offensive to one is considered offensive to all and could be a dress code violation.

STUDENT SAFETY STUDENT EMERGENCY FORM

The school nurse will have each student complete a STUDENT EMERGENCY FORM. The student will have their parent or guardian sign the form. The coach for each squad and/or activity supervisor will have all signed STUDENT EMERGENCY FORMS with him/her at all practices and contests. When the season has concluded, all STUDENT EMERGENCY FORMS will be turned into the office.

MEDICATION

If it becomes necessary for a student to take any form of prescription medication, a doctor's note and parent permission slip will be required in order for the school nurse to dispense such medication. The school nurse will be made aware of the need and will monitor the dispensing. Aspirin will not be dispensed to any student under the age of 18 unless a signed parent permission note is on file in the school office.

FIRE AND TORNADO DRILLS

Fire and tornado drills are held periodically. Teachers will give students instructions as to the exits and stairways to use. Move as quickly and orderly as possible from your room to the assigned exit. Once students are outside of the building, they should keep at least 50 feet from the building. When a fire alarm is sounded, all people in the building should exit.

BOMB THREATS AND FALSE ALARMS

In case of a bomb threat, the school administration will immediately convene and decide if evacuation is necessary. If evacuation is necessary, students and staff will be sent to St. Paul's Church. Students will be sent home only if their parents have made previous arrangements. The building will be searched by law enforcement and students will return when the clear signal is given. Making a bomb threat or a false fire alarm is considered an extremely serious and dangerous situation. Students who make or cause to be made a bomb threat or false fire alarm will be immediately suspended and referred for criminal prosecution and will be considered for expulsion from school, pursuant to state statute 120.13(1)(c).

REASONABLE AND NECESSARY FORCE

School officials are not prohibited the use of corporal punishment law to use reasonable and necessary force when intervening in potentially violent or threatening situations involving students. Specifically, reasonable and necessary force may be used for the following purposes:

1. To quell a disturbance or prevent an act that threatens physical injury to any person.
2. To obtain possession of a weapon or other dangerous object within a student's control.
3. For the purpose of self-defense or the defense of others, or for the protection of property in accordance with state statutes.
4. To remove a disruptive student from the school premises, a motor vehicle or a school sponsored activity.
5. To prevent a student from inflicting harm on himself/herself.
6. To protect the safety of others.

Incidental, minor or reasonable physical contact designed to maintain order and control may be used in the district.

BULLYING

Introduction/Prohibition

The Mineral Point Unified School District is committed to creating a safe, caring and respectful learning environment for all the students and strictly enforces a ban against bullying of any of its students by anyone. It is the policy of the District that its students, employees and volunteers will not be allowed to engage in any form of bullying or intimidation toward other students, employees or volunteers.

Definition

Bullying is aggressive, intentional or deliberate hostile behavior toward another. Bullying consists of deliberate hurtful behavior. Bullying can include, but is not limited to, intimidation such as name calling or threatening; social alienation such as shunning or spreading rumors; written notes, phone calls or electronic messages that are offensive, hurtful, annoying or threatening; or physical aggression such as assaults on a student or attacks on a student's property. Behaviors characterized as bullying are not allowed at school, during a school-sponsored activity, on school buses, or through the use of school equipment in the case of "cyber-bullying." In situations in which the "cyber bullying" originated from a non-school computer, but brought to the attention of school officials, any disciplinary action shall be based upon whether the conduct is determined to be severely disruptive of the educational process so that it markedly interrupts or severely impedes the day-to-day operations of a school. In addition, such conduct must also be in violation of the published school policy. Such conduct includes, but is not limited to, harassment or making a threat off school grounds that is intended to endanger the health, safety or property of others, including that of a student, district employee or school board member.

Procedure for Reporting

The Mineral Point School District takes allegations of bullying seriously and will respond to complaints of allegations of bullying. Students, parents, and staff members concerned about bullying issues should contact the principal or any other member of the staff about their concerns. These complaints can be verbal or written. Formal complaint forms are available at both the elementary and middle school/high school offices. **We have also implemented the Safe Schools Alert system which can be found on the District website. Anyone can report an incident via text, email, the web, or by phone.** All complaints will be investigated promptly and kept confidential with the bounds of the district's investigation by the law.

Where it is determined that inappropriate and/or bullying conduct has occurred, the Mineral Point School District will act to eliminate the conduct and impose corrective action, which may range from requiring the offender to work with school personnel to correct the behavior, a recommendation for the provision of school counseling, and /or disciplinary action where appropriate, which may include law enforcement intervention, suspension, expulsion and/or court involvement.

SCHOOL CALENDAR

For an up-to-date school calendar, please go to our District website, mineralpointschools.org and click on CALENDAR. Please note - CRT Early Releases take place EVERY Wednesday of the month, releasing classes at 2:00 pm.

DUE PROCESS

Due process is given to all students in all discipline matters. This includes the opportunity to be informed of the provisions of the handbook, school regulation, or procedures allegedly violated; together with evidence to support the charge. Students and/or parents are given an opportunity to respond. The student will be given the opportunity to discuss the specific charges and to present his/her side of the story. The high school administrator or designee will examine the evidence and make a determination as to whether a violation has taken place and will decide on the appropriate discipline measures, if it is determined that a violation has occurred. In cases where the student's presence constitutes a threat or disruption, he/she may be removed immediately, with the due process requirements fulfilled as soon as practicable. Students and/or parents have the right to appeal the decision to the next higher authority. The appeal must be made in writing within five (5) school days after receiving the decision.

Step 1 - The faculty member identifies the problem behavior to the student and advises him/her to stop. The teacher may also wish to remind the student of the consequences of continuing to engage in inappropriate behavior.

Step 2 - The teacher may award the student detention, to be served with the teacher. Detention time served with the teacher may be for a period of time from 10 to 30 minutes. Teachers who assign detention time to a student are responsible for supervising the detention with the student. It is also the teacher's responsibility to contact the parents by phone prior to the time the student is to serve the detention. **No student may be kept after school unless the parents have been contacted first.** It is also very important to document that a parent contact has been made with a written record. When assigning a student a detention, you should identify the rule or policy that was broken, and offer him/her a chance to tell his/her side of the story. The need for due process also requires that the student have the right to appeal. If the student objects or denies culpability, the student must be given the chance to have a hearing with the principal, who will decide if the disciplinary actions are warranted.

Step 3 - If a student fails to respond to the disciplinary efforts of the teacher, the teacher will send a letter to the parents. A copy of the letter will be placed in the student's file. A letter will be sent out unless if the parents has been previously contacted by the teacher by phone. The only exception is when the parents do not have a phone. As a part of this notification, the teacher may wish to arrange a conference with the parents. The principal may be included in this conference if it is the wish of the teacher, parent, administrator, or student.

Step 4 - Teachers who wish for more restrictive measures to be applied to the student's behavior may make a referral to the office. Completing a "disciplinary referral" and turning it into the office this is accomplished by. At this point, the matter will be taken over by the principal; however, the classroom teacher will continue to be involved in the process. It is generally expected that teachers will have utilized all of the measures available to them prior to making a referral to the office. The exception to this is when the student poses a threat to the health, safety, or welfare of other students. During such incidents, the student may be sent directly to the office, although a discipline referral will still be required subsequent to the event.

Step 5 - Students who have been referred to the office may be assigned to school-wide detention for up to 30/45 minutes per incident. Only the principal or designee may assign students to school-wide detention. The office or its designee will supervise the assigned detention. Other disciplinary measures may also be taken when necessary. All discipline records are kept on file for one year.

Step 6 - Students who have become disruptive in the classroom may be sent to the office. However, it is our intention to keep such occurrences to a minimum. Teachers must have attempted to correct the problem in the classroom through the use of appropriate discipline procedures. **The teacher must complete a written discipline referral before the end of the school day if a pupil is removed from class.**

Step 7 - When all of the above measures have been tried and failed, or when the student's behavior threatens the health, safety, and welfare of the other students, a student may be suspended from school. Suspension from school may take the form of either an out-of-school or an in-school suspension. The procedures for suspension are detailed more specifically under the suspension policy. This is an extreme measure and will only be assigned by the principal or designee. State statutes regarding suspension will be followed, and all students will be afforded due process.

Step 8 - A conference with the student's parents will follow a student's return to school from a suspension. In addition, parent conferences will be held whenever the student's education is being impeded. The key to a successful discipline program is involving the parents to as great an extent as possible.

NOTICE OF CHILD FIND ACTIVITY

The school district must locate, identify, and evaluate all resident children with disabilities, including children with disabilities attending private schools, regardless of the severity of their disabilities. The school district has a special education screening program to locate and screen all children with suspected disabilities who are residents of the district and who have not graduated from high school. Upon request the school district will screen any resident child who has not graduated high school to determine whether a special education referral is appropriate. A request may be made by contacting Angela Klein, Director of Special Education & Pupil Services, Mineral Point School District, 611 Cothorn Street, Mineral Point, WI 53565 T: (608) 987-0712 or E: angela.klein@mp.k12.wi.us

Annually the district conducts developmental screening of preschool children.

Each child's motor, communication, and social skills are observed at various play areas. Each child is weighed and measured, and the child's hearing and vision is checked. The information is used to provide the parent with a profile of their child's current development and to provide suggestions for follow-up activities. Parents learn about community services available to them. The information from screening is also used to determine whether a child should be evaluated for a suspected disability. When school staff reasonably believes a child is a child with a disability, they refer the child for evaluation by a school district Individualized Education Program (IEP) team. Developmental screening will be part of developmental screenings held annually in the spring and fall of each school year.

A physician, nurse, psychologist, social worker or administrator of a social agency who reasonably believes a child brought to him or her for services is a child with a disability has a legal duty to report the child to the school district in which the child resides. Before referring the child, the person making the referral must inform the child's parent that the referral will be made. The referral must be in writing and include the reason why the person believes the child is a child with a disability. Others who reasonably believe a child is a child with a disability may also refer the child to the school district in which the child resides. A referral of a child residing in the Mineral Point School District may be sent to Angela Klein at the school district address above.

The school district maintains pupil records, including information from screening and special education referral. All records directly related to a student and maintained by the school district are pupil records. They include records maintained in any way including, but not limited to, computer storage media, video and audiotape, film, microfilm, and microfiche. Records maintained for personal use by a teacher and not available to others and records available only to persons involved in the psychological treatment of a child are not pupil records.

The school district maintains several classes of pupil records.

- * "Progress records" include grades, courses the child has taken, the child's attendance record, immunization records, required lead screening records, and records of school extra-curricular activities. Progress records must be maintained for at least five years after the child ceases to be enrolled.
- * "Behavioral records" include such records as psychological tests, personality evaluations, records of conversations, written statements relating specifically to the pupil's behavior, tests relating specifically to achievement or measurement of ability, physical health records other than immunization and lead screening records, law enforcement officers' records, and other pupil records that are not "progress records." Law enforcement officers' records are maintained separately from other pupil records. Behavioral records may be maintained for no longer than one year after the child graduates or otherwise ceases to be enrolled, unless the parent specifies in writing that the records may be maintained for a longer period of time. The school district informs parents when pupil records are no longer needed to provide special education. At the request of the child's parents, the school district destroys the information that is no longer needed.
- * The school district designates the following items as directory information. No directory data of students shall be given to individuals, organizations, or vendors not affiliated with the District for the purpose of distributing marketing materials.

General Directory Information – The following information the district maintains about a personally identifiable student may be disclosed by the district to the school community through, for example, district publications: Student's name; date and place of birth; parents' names; grade level; enrollment status (e.g., full-time or part-time); participation in district-sponsored or district-recognized activities and sports; weight and height of members of athletic teams; participation in officially recognized activities and sports; dates of attendance; major field of study, degrees, honors and awards received; artwork or coursework displayed by the district; schools or school districts previously attended; and photographs, videotapes, digital images and recorded sound unless such records would be considered harmful or an invasion of privacy.

Limited Directory Information – In addition to general directory information, the following information the district maintains about a personally identifiable student may be disclosed to: parent groups or booster clubs that are recognized by the Board and are created solely to work with the district, its staff, students and parents and to raise funds for district activities for the purpose of encouraging membership or participation in the group or club; governmental entities including, but not limited to, law enforcement, Department of Social Services for official governmental purposes: The student's address, telephone number and e-mail address and the parents' addresses, telephone numbers and e-mail addresses.

The district may require a person or entity that requires limited directory information to certify in writing that the information will not be re-disclosed without the prior written consent of the parent or eligible student.

- * "Pupil physical health records" include basic health information about a pupil, including the pupil's immunization records, an emergency medical card, a log of first aid and medicine administered to the pupil, an athletic permit card, a record concerning the pupil's ability to participate in an education program, any required lead screening records, the results of any routine screening test, such as for hearing, vision or scoliosis, and any follow-up to the test, and any other basic health information, as determined by the state superintendent. Any pupil record relating to a pupil's physical health that is not a pupil physical health record is treated as a patient health care record under sections 146.81 to 146.84, Wisconsin Statutes. Any pupil record concerning HIV testing is treated as provided under section 252.15, Wisconsin Statutes.

The Family Educational Rights and Privacy Act (FERPA), the Individuals with Disabilities Education Act (IDEA), and section 118.125, Wisconsin Statutes, afford parents and students over 18 years of age ("eligible students") the following rights with respect to education records:

- * **The right to inspect and review the student's education records within 45 days of receipt of the request.** Parents or eligible students should submit to the school principal a written request that identifies the records(s) they wish to inspect. The principal will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected. The school district will comply with the request without unnecessary delay and before any meeting about an individualized education program, or any due process hearing, and in no case more than 45 days after the request has been made. If any record includes information on more than one child, the parents of those children have the right to inspect and review only the information about their child or to be informed of that specific information. Upon request, the school district will give a parent or eligible student a copy of the progress records and a copy of the behavioral records. Upon request, the school district will give the parent or eligible student a list of the types and locations of education records collected, maintained, or used by the district for special education. The school district will respond to reasonable requests for explanations and interpretations of the records. A representative of the parent may inspect and review the records.
- * **The right to request the amendment of the student's education records that the parent or eligible student believes is inaccurate or misleading.** Parents or eligible students may ask the Mineral Point School District to amend a record that they believe is inaccurate or misleading. They should write the school principal, clearly identify the part of the record they want changed, and specify why it is inaccurate or misleading. If the district decides not to amend the record, the district will notify the parent or eligible student of the decision and the right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.
- * **The right to consent to disclosures of personally identifiable information in the student's education records, except to the extent that federal and state law authorize disclosure without consent.** The exceptions are stated in 34 CFR 99.31, Family Educational Rights and Privacy Act regulations; Sec. 9528, PL107-110, No Child Left Behind Act of 2001; and section 118.125(2)(a) to (m) and sub. (2m), Wisconsin Statutes. One exception that permits disclosure without consent is disclosures to school officials with legitimate educational interests. A school official is a person employed by the district as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the school board; a person or company with whom the district has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist); or a parent or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility. Upon request, the district discloses education records without consent to officials of another school district in which a student seeks or intends to enroll. Also the district discloses "directory data" without consent, unless the parent notifies the district that it may not be released without prior parental consent.
- * **The right to file a complaint with the U. S. Department of Education concerning alleged failures by the District to comply with the requirements of FERPA.** The name and address of the Office that administers FERPA is: Family Policy Compliance Office, U.S. Department of Education, 400 Maryland Avenue, S.W., Washington, DC 20202-4605

NOTICE OF SCHOOL DISTRICT POLICIES ON SEX DISCRIMINATION, THE DISTRICT'S TITLE IX COORDINATOR(S), AND PROCEDURES FOR REPORTING OR FILING A COMPLAINT OF SEX DISCRIMINATION

Title IX Nondiscrimination Policy Statement –

As mandated by the current provisions of Title IX of the Education Amendments of 1972 and under the regulations set forth in Chapter 106 of Title 34 of the Code of Federal Regulations (“the federal Title IX regulations”), the District does not unlawfully discriminate on the basis of sex in any education program or activity that the District operates. Title IX’s requirement not to discriminate in any education program or activity extends to cover, but is not limited to, District students, certain admissions processes, and District employment. Inquiries regarding how Title IX and the federal Title IX regulations apply to the District may be referred to a District Title IX Coordinator (as designated below), to the Assistant Secretary for Civil Rights at the U.S. Department of Education, or to both.

The District’s commitment to nondiscrimination under Title IX and under other state and federal laws is further defined in the following policies of the School Board: *Policy 113*.

Reporting Sex Discrimination –

Any person (including a person who is not claiming to have been personally harmed/victimized by the alleged discrimination) may report a concern or allegation regarding prohibited sex discrimination (including sexual harassment) to the District. Such reports may be submitted as follows:

1. To a District Title IX Coordinator, either in person, by U.S. mail, by telephone, or by electronic mail, using the contact information listed above. In person reports should be made when the Title IX Coordinator is reasonably available during regular working hours. Reports submitted by telephone, mail, or electronic mail may be made at any time.
2. By any other means that results in a Title IX Coordinator actually receiving the person's verbal or written report.

Filing Formal Complaints of Title IX Sexual Harassment –

As required by the federal Title IX regulations, the District has established a formal grievance process for investigating and resolving “formal complaints” of “sexual harassment,” as those terms are defined in the regulations.

An individual who is alleged to be the victim of conduct that could constitute sexual harassment under the federal Title IX regulations (i.e., a Title IX “complainant”), or a parent or guardian who has a legal right to act on behalf of such an individual, may file a formal complaint of sexual harassment. No Title IX complainant is obligated to file a formal complaint, but a qualifying formal complaint is necessary for the District to start an investigation using the District’s formal Title IX grievance process.

Complainants are expected to file formal complaints of sexual harassment with a District Title IX Coordinator by electronic submission within the Safe School Alert Online Tip Reporting, submitting a document or electronic submission in person, by U.S. mail, or by electronic mail, using the contact information specified above.

Additional requirements for formal complaints of Title IX sexual harassment, including a description of the required content for a formal complaint, are set forth in Policy 113 within the School Board policies.

District Response to Reports and Complaints of Sex Discrimination and to Formal Complaints of Sexual Harassment under Title IX –

The District has established grievance procedures through which the District structures its response to reports that allege unlawful discrimination on the basis of sex in any education program or activity of the District. Those procedures are set forth in 411-Rule and 511-Rule within the School Board policies published on the District's website. The purpose of such procedures is to provide for the prompt and equitable resolution of any report or complaint of alleged sex discrimination, excluding formal complaints of sexual harassment under Title IX (which are subject to a different process).

Any time that the District has actual knowledge of sexual harassment or allegations of sexual harassment that could constitute a violation of Title IX, the District has obligations to respond to such knowledge in a manner that is not deliberately indifferent and in a manner that treats the alleged victim(s) of sexual harassment and the alleged perpetrator(s) of sexual harassment equitably. Such a response includes, but is not limited to, offering supportive measures to a complainant and investigating and resolving any formal complaint that presents allegations of Title IX sexual harassment using the formal grievance process that the District has adopted for such formal complaints. District procedures for responding to alleged sexual harassment under Title IX, including the formal grievance process, are set forth in Policy 113 within the School Board policies published on the District's website
