

# STUDENT ORGANIZATIONS

**Policy 371**

Page 1 of 1

The schools may encourage students to broaden their knowledge and citizenship by permitting the formation of clubs or other groups organized to promote and pursue specialized activities outside the classroom, provided membership is open to all interested and/or eligible students, approval of the building principal is obtained, and a staff member attends the meeting or activity as an official advisor.

Adopted: October 1975 Revised: June 1986
