

OPERATOR REQUIREMENTS TO DRIVE A DISTRICT-OWNED VEHICLE
TO TRANSPORT STUDENTS

The Operator shall not have been convicted of reckless driving, operating a motor vehicle while under the influence of an intoxicant or a controlled substance or any other offenses which result in a mandatory revocation of the individual's operator license within the last two (2) years.

Written permission for vehicle use must be obtained at least twenty-four (24) hours before the intended use.

The operator shall possess no physical or mental disability which would impair the safe operation of the vehicle.

The school district will check employee driving records on a scheduled and planned basis. The Administration will determine an employee's driving eligibility based in part, upon the information received as a result of this periodic check.
